Successful businesses need actionable data, instantly. PaperStream solutions help you do more, better.

PaperStream PSAI

Automatically turn unstructured documents into usable data. PaperStream AI extends your PaperStream license with intelligent classification and extraction, without compromising data privacy.

PaperStream IP

Get top-notch results, reliably, from powerful image capture and enhancement technology. This versatile TWAIN and ISIS driver offers customizable profiles for added benefit.

PaperStream ClickScan

Scan, classify, and route documents quickly in a matter of clicks. Excellent capture can be as easy as 1, 2, 3.

PaperStream NX Manager

Simplify PC-less scanning, manage data centrally, and secure it on-site or in the cloud.

PaperStream Capture

Automate manual processes. Capture quality images, extract needed data and digitize documents efficiently.

PaperStream Capture Pro

Enhance complex workflows with increased automation, added security, and boosted quality control for better ROI.

PaperStream Capture Pro Premium

Gain all the benefits of PaperStream Capture Pro plus compatibility with production TWAIN scanners and file import to classify existing files.

PaperStream Central Admin

Centrally manage a fleet of scanners, track performance, and update drivers, firmware, and software from a convenient, customizable dashboard.

EdgeXperience Capture Service

Empower fast, easy PC-less scanning, cloud-based centralized management, and secure, scalable infrastructure for streamlined digitization workflows.

Easy NX Connect

Extend the value of your PaperStream NX Manager or Capture Pro solution by adding an extended suite of destination applications. Your data, where you need it.

Genuine Service

100% US-BASED SERVICE

Maximize your investment with a Service Plan.

Gain peace of mind with a complete RICOH solution. Add service to avoid costly disruption and ensure business continuity. We'll help you choose the right plan for your scanning needs.

ScanCare

ScanCare is a premium scanner service combining preventative maintenance, scanner consumables, and training.

Basic

Basic service includes parts, labor, travel, and one on-site preventative maintenance visit.

Depot

A mail-in unit repair service for customers who require asset tag tracking or prefer to retain their scanner.

Advance Exchange

Advance Exchange offers whole-unit, next business day replacement for scanner equipment that cannot be repaired through technical support.
